**RE: Township Hall and Fire Station
Address Correction**

Dear Mrs. Palmer:

Please accept this letter as written request to change the address of the Galien Township Hall and Fire Station to 305 Kiley Dr.

The County, and historically the Village of Galien, uses a number system that creates uniform numbering of buildings within our community. This is key to the success of emergency services, both Fire and Ambulance, in finding the location of emergencies when we are dispatched.

The address range on Kiley Dr. running from North to South should begin at 200-218 and the next block should be 300-321.

Odd number addresses are to be on the West side of the road and even number addresses are on the East side of the road for locations South of the railroad tracks.

The Galien Twp Hall and Fire station address number should be changed to 305 to maintain consistency with the rest of the Village numbering system.

It should also be noted that the other business on Kiley Dr. should be an odd number address between 305 and 321(a number much closer to 321). Denny Sexton from the Berrien County Dispatch Center can help determine the exact number if the Village council sees fit to correct that address as well.

Sincerely,

Ted Chase
Fire Chief

GALIEN TOWNSHIP, BERRIEN COUNTY, MICHIGAN
GALIEN TOWNSHIP CEMETERY ORDINANCE
CEMETERY ORDINANCE, NO. ____

An ordinance to protect the public health, safety and general welfare by establishing rules and regulations relating to the operation, control, and management of cemeteries owned by the Township of Galien, Berrien County, Michigan; to provide penalties for the violation of said ordinance, and to repeal all ordinances or parts of ordinances in conflict therewith.

THE TOWNSHIP OF GALIEN, BERRIEN COUNTY, MICHIGAN, ORDAINS:

Section 1: Title. This ordinance shall be known and cited as the Galien Township Cemetery Ordinance.

Section 2: Definitions of Cemetery Lots and Burial Spaces - Residents and Taxpayers.

A cemetery lot shall consist of burial spaces sufficient to accommodate from one to six burial spaces.

An adult burial space shall consist of a minimum of land area at least four (4) feet wide and ten (10) feet in length and accommodate no more than one adult or any combination of cremains, infants, or stillborns not to exceed three per space.

An infant or stillborn or cremains burial space shall consist of a land area three (3) feet wide and three and one half (3½) feet in length in areas set aside specifically for such burials.

A resident is defined as a person who lives in Galien Township, or is a child or legal dependent of such person and living with such person at the time of the purchase of a burial space. Proof of residency shall be determined by voter registration, driver's license, passport, birth certificate, State ID card, State Income Tax return or similar documents. The Township clerk or the Township supervisor shall have the sole discretion to determine whether a person is a resident of the Township.

A taxpayer is one who owns property in the Township and whose name appears on at least the last five (5) years of tax bills prior to purchase of a burial space.

Section 3: Sale of Burial Spaces. Burial spaces shall be sold only for the purpose of the burial of residents and taxpayers as defined in Section 2. No sale shall be made to funeral directors or others than as heretofore set forth. The sale of burial spaces to non-residents may be permitted when the purchaser discloses sufficient personal reason for burial within the Township through previous residence (for at least five (5) years) in the Township, relationship to persons interred therein or shall be interred therein (as evidenced by the purchase of burial rights).

All such sales shall be made on a form approved by the Township Board, which grants a right of burial only and does not convey any other title to the lot or burial space sold. Such form shall be executed by the Township Clerk.

Burial rights may only be transferred to those persons eligible as described above for the purpose and rate (resident, non-resident) at which originally purchased and may be effected only by endorsement of an assignment of such burial permit upon the original burial permit form issued by the Township Clerk, approved by said Clerk, and entered upon the official records of said Clerk. Upon such assignment, approval and record, said Clerk shall issue a new burial permit to the assignee and shall cancel and terminate upon such records, the original permit thus assigned.

Section 4: Purchase Price and Transfer Fees. Costs of burial spaces and transfer of one or more burial spaces from an original purchaser to a qualified assignee shall cost an amount as from time to time set by resolution of the Township Board on a schedule of costs. The foregoing charges shall be paid to the Township Treasurer and shall be deposited in the cemetery fund. The cemetery fund shall be used for cemetery maintenance.

The Township Board, by resolution, may periodically alter fees by resolution to accommodate increased costs and needed reserve funds for cemetery maintenance and acquisition.

Section 5: Grave Opening Charges. The opening and closing of any burial space, prior to and following a burial therein, and including the interment of ashes, shall be done only pursuant to an order of the Berrien County Court and shall be done at a cost to be determined from time to time by resolution of the Township Board, payable to the Township.

No burial spaces shall be opened and closed except under the direction and control of the Township Clerk or Cemetery Sexton. This provision shall not apply to proceedings for the removal and re-interment of bodies and remains, which matters are under the supervision of the local health department.

Section 6: Markers or Memorials. All markers or memorials must be of stone or other material of equally durable composition. Markers and monuments must be located upon a suitable foundation to maintain the same in an erect position.

Only one monument, marker or memorial shall be permitted per burial space. A family plot with four or more contiguous burial sites will be allowed an additional family stone.

The footing or foundation upon which any monument, marker or memorial must be placed shall be constructed by the Township at costs to the owner of the burial right.

Section 7: Interment Regulations. Only one person may be buried in a burial space except for a mother and infant or two children buried at the same time.
